NIGHT EMBASSY CLOSING: YOU ARE INVITED

++ EIGHT DAYS OF INTERNATIONAL CREATIVITY ++

++ ART, MUSIC AND INTELLECTUAL EXCHANGE FROM AROUND THE WORLD ++

Three inspiring months of pushing the creative envelope within Berlin's nightlife will come to an end. But before we close the doors to the NIGHT EMBASSY, that hosted six of the boldest collectives from the city, we are celebrating with the creative communities from around the world that always find a home in Berlin. In the last two weeks, artists from the U.K, China, Russia, Spain, South Africa, Finland, Latin America and international graffiti artists are residing in the NIGHT EMBASSY while making music, creating art and performing.
